| Fee for an incomplete payment (for every incomplete payment) | 500 CZK (approx. 20 EUR) |

4. Payment terms

NIX.CZ Association quarterly, on the last day of the respective calendar quarter, ascertains the volume of services actually provided. In this date the services provided in the respective quarter are charged. Date of the taxable fulfilment is the last day of the respective calendar quarter.

Any member/customer can pay for services in advance.

Installation fees are charged by an invoice issued within 10 days from the installation completion date.

Port overload fee is equal to the cost of an additional port (the highest speed port of the member/customer).

Administrative fees, interest on late payment and contractual penalties are generally charged together with the next service-fee invoice.

Each invoice is due to be paid within three weeks from the issue date. The due date for payment is explicitly stated on each tax document.

If there is a delay in payment, the NIX.CZ Association is entitled to charge interest on late payment amounting to 0.1% of the debt for each day of the delay, and the debtor must pay such penalty interest when requested. Also the name of the debtor is made public on the Intranet of the Association until the debt is settled in full.

If the member or customer have not paid the debt within 21 days following the payment due date, the Association is entitled to suspend the provision of services to such a member. The reconnection of the services is charged as an installation fee in full, according to table 1 of this pricelist.

Prices are excluding VAT.

5. Transitional provisions

For those who were already members of the association NIX.CZ to date 31.12.2011, the price list valid to 31.12.2011 will be used for the year 2012, if it is advantageous for the member.

NIX.CZ, z.s.p.o.
